

Established in 1993, Independent University, Bangladesh (IUB) is a leading private university in Bangladesh with a focus on research and global partnerships. With over 10,000 students enrolled at undergraduate and graduate levels, 237 highly qualified full-time faculty members (more than 50% holding PhD degrees), and an alumni network of nearly 19,000, IUB is committed to ensuring education for all to promote the national agenda of sustainable and inclusive development.

Vision & Mission

Vision

Aspires to be a leading seat of learning and research for developing technologically competent, environmentally responsible, globally conscious future leaders with a strong liberal arts foundation.

Mission

- Produce graduates with cutting-edge knowledge and transferable skills.
- Foster an environment to enhance research and innovation promoting sustainable development.
- Develop impactful partnerships through academia, industry and community engagement to contribute to the advancement of society.

The Four Pillars of IUB

Strong Liberal Arts Foundation

It is essential for leadership in any professional domain. A strong foundation in liberal arts immerses individuals in the beauty of art, literature, and music, and nurtures humanitarian and volunteer-driven values, empowering them to rise to current global challenges.

Technological Proficiency

In the forthcoming decades, technological proficiency will be paramount. Recognizing this, we launched the “Coding for All” initiative in 2023. This ensures that every student, regardless of their primary discipline, can equip themselves with fundamental coding capabilities, positioning them advantageously for the 4th Industrial Revolution.

Global Consciousness

IUB offers its students a unique chance to learn languages like Korean, French, and Mandarin directly from native speakers. This linguistic exposure deepens their global awareness, enabling them to grasp and navigate the ever-evolving trends in international business, development, and politics. This cultivated global perspective aids them immensely as they pursue opportunities worldwide, allowing them to engage with diverse cultures with compassion.

Environmental Responsibility

It's imperative for our students to recognize their responsibility towards our planet. With climate change and pollution looming as colossal challenges, even though Bangladesh has been a minimal contributor to global warming, it remains highly susceptible to its repercussions. Hence, our aim is to shape a generation that's environmentally conscious and fervently committed to sustainable practices.

IUB Campus

The Campus

The IUB campus, spread over nearly 4 acres in Bashundhara Residential Area, Dhaka, features an amphitheater, state-of-the-art laboratories for life, environmental and social sciences, pharmacology, and engineering. The campus houses 95 multimedia classrooms equipped for both physical and online classes, an auditorium, separate gymnasiums for men and women, a swimming pool, an international-standard squash court, yoga and self-defense studios, chess and carrom stations, table tennis courts, a spacious sports complex with a multipurpose pulastic floor, and a food court and cafeteria.

Accommodation

IUB offers secure, need-based dormitories for meritorious female students from outside Dhaka, foreign students, and a guesthouse for visiting scholars.

Library

The IUB Library contains over 250,000 e-books and provides access to renowned resource hubs, including ABI Global (ProQuest), Cambridge University Press Journals, EBSCOhost, Emerald Journals, IEEE Xplore, JSTOR Journals, Literary Encyclopedia, National Geographic, and SpringerLink Journals.

Research

IUB faculty members actively engage in research and publish in peer-reviewed journals. Alongside traditional classroom-based learning, students are encouraged to engage in research early in their academic lives.

Academic Programs

The curriculum is based on the North American Liberal Arts Model and the medium of instruction is English. There are currently six academic schools:

- [School of Business & Entrepreneurship](#)
- [School of Engineering, Technology and Sciences](#)
- [School of Environment & Life Sciences](#)
- [School of Liberal Arts & Social Sciences](#)
- [School of Pharmacy and Public Health](#)
- [School of Law](#)

Financial Aid & Student Employment

IUB provides scholarships and financial aid, ensuring qualified new and current students have access to financial support. The university strives to extend financial help to a broad range of deserving students. With the use of technology, IUB ensures that the aid is granted in a just, discreet, and accountable manner.

Available Financial Assistance at IUB:

- Scholarships based on Admissions Test & Previous Academic Results: 30%-100%
- IUB Merit Scholarships based on Semester Results: 30%-100%
- Need-based Aid for Returning Students: 20%-100%
- For Children of Freedom Fighters: Up to 100%
- For achievements in Extra-Curricular Activities: Up to 100% (national level achievements considered)
- IUB-Saima Hall (A dormitory for female students funded by IUB & Shaheed Khalek & Major Salek Bir Uttam Trust): 100% (subject to conditions and availability)
- Aid for outstanding students from 'economically challenged areas', like small ethnic communities: Up to 100%
- Scholarship for Female Students: 10%
- Sibling Discount: 30%
- IUB employees and their dependents: 50%-100%
- Offspring of IUB Alumni: 10%
- IUB ARROWS: Up to 100% (Annual selection basis)

Live-in-Field Experience

IUB's pioneering Program, Live-in-Field Experience, a 3-credit Program mandatory for all undergraduate students, gives a distinctive opportunity to learn about rural life. The program complements the course titled "National Culture and Heritage", a comprehensive study of the history, society and culture of Bangladesh.

Co-Curricular Activities

IUB places strong emphasis on co-curricular activities and provides students with unlimited opportunities to enhance their talent and skills. The Division of Student Activities (DoSA) coordinates all student activities including the programming of the 48 student clubs. Students are also encouraged to participate in community services programs like blood donation drives, distribution of winter clothes in marginalized locations, fundraising for victims of natural disasters, and so on to promote leadership and personal growth.
